“Todd, thank you for playing our wedding. The music was perfect in every way. I am personally a big jazz fan and I was thrilled that you were able to play all of my favorites from the like of John Coltrane and Joe Henderson during dinner. After dinner, you were able to get everybody up and dancing with some soul and funk music. Your music was great and we were very pleased with the way everything turned out. Thanks again!”

- Dennis Hodges, Wedding at DePaul Center

“I just wanted to let you know how much we enjoyed your music at our wedding last week. The mix of jazz during the dinner and reception was exactly what I had in mind for the reception. Not only did we love the music, but we have gotten numerous compliments from others that were there. Thanks again and please pass along our appreciation to your fellow band members.”
